Please pray for the applications and interview process.

Youth Apprenticeship Role

The deadline to recruit a Youth Work Apprentice has been extended. This is an exciting opportunity to be trained as a new Youth Minister. If you or anyone you know would be interested in becoming an apprentice, **please [apply here](#) before Thursday 22 June**, or do let us know so we can have a conversation about it. Please know that there is no age barrier to the role and the programme has previously accepted people from all walks of life with varied experience, so please do not discount yourself if you sense God calling you to this ministry.

Please pray for this opportunity to be taken up!

Do pray during the week for St Gabriel's, sharing the love in Cricklewood.

Here are some topics for prayer you may like to include:

- Thank God for sunshine and warmth outside! Thank God for something you like about the summer, and maybe pray for something you'd like to do, or someone you'd like to see, this summer.
- Thank God for our diverse church community, united by our love for God – that our love for each other may shine in Cricklewood, and through all our church activities, bringing others to know God too. This week, pray again for Boogie Angels – restarting after the half term rest, for Boogie Angels to be a place where people encounter the love of God.
- Pray for the process of finding an Operations Manager (the job following on from Church Manager) – this weekend is the deadline for applications. Pray for the interview process.
- Pray for people you know who are struggling in some way – with health, finances, relationships... Pray for God's presence with them, helping them to stay faithful to God, and for help in their trouble. For God to make a way when things seem impossible.
- Pray for good government for all countries, especially in places you know about where this is sorely needed. Pray for justice and the good of all to be the aim of politicians. Pray too for places of conflict or natural disaster in the world, and for those working for relief agencies.

Thank God for one thing every day!
